Professional Front-End Developer Specializing in React ,,,

- I'm a highly skilled Front-End Developer with a strong focus on creating dynamic and responsive web applications using React. With over 2 years of experience in the industry, I have a proven track record of delivering high-quality, user-friendly, and efficient websites.

What I Offer:

- Custom React Development: Tailored solutions to meet your specific project requirements.
- User Interface (UI) Design: Creating intuitive and visually appealing interfaces.
- API Integration: Seamlessly connecting your web app with back-end services.
- Code Reviews & Refactoring: Enhancing existing codebases for better performance and readability.
- Technical Support & Maintenance: Ongoing support to ensure your application runs smoothly

Education

2020 – 2024 Arish, Egypt	**Bachelor's degree in Information Technology,** *Sinia https://www.su.edu.eg/* 🔗
	I joined college in 2020 and graduated in 2024, receiving a very good general grade with a grade point average of 3.2. While I was studying in college, I joined a family called Basma, and we took great care to provide all the necessary support to our classmates in the various classes in the college.
